Computer Information Systems

Murray State University's 2+2 Program

(Murray Campus, Regional Campus and Online Programs)

Students may take courses online or at the regional campuses through interactive television. Upper-division courses in the program are offered online and at each of the following Murray State University regional campuses in Henderson, Hopkinsville, Madisonville and Paducah. Murray State University's business programs are accredited by AACSB International - The Association to Advance Collegiate Schools of Business.

The Computer Information Systems program with a Business-Centered option is available via online delivery. Students will need regular access to a computer and broadband internet.
