DEPARTMENT: EDUCATIONAL STUDIES, LEADERSHIP, AND COUNSELING

COURSE PREFIX: CNS COURSE NUMBER: 689 CREDIT HOURS: 3

I. TITLE: Individual Testing

II. COURSE DESCRIPTION AND PREREQUISITE(S): Supervised practice in the administration of a variety of children, adolescent, and adult intellectual assessment instruments.

Prerequisite(s): CNS 683 and consent of instructor.

III.COURSE OBJECTIVES:

This course will provide theoretical knowledge and skills in testing the intellectual functioning of children and adolescents for school purposes. This course is also designed to provide students with an understanding of the role of assessment, the strengths and limitations of intelligence testing, and the ethical obligations involved in evaluation.

(NASP domains are in parentheses. CACREP Section II Standards (2009) are in brackets.

Students will gain knowledge of:

- A. Individual testing, measurement concepts, and appraisal principles (1)[SC H.1, 2, 3, 5]
- B. Strengths and limitations of intellectual assessment (1,10)
- C. Critical issues related to cultural biases of testing (1,5)[SC E.1,2,3,4]
- D. Ethical standards for assessment (1,10) [ASCA Ethics]
- E. Report writing and parent feedback (1,3,4,6,10) [SC F.1; SC H.1; SC G.1]
- F. Basic assessment principles of rapport and managing the client (5,10)
- G. Kentucky's special educational referral process (1,3,6,8) [SC H.4]
- H. Exceptional populations (e.g., learning disabilities, mental retardation) and how to assess them (1,3,5)[SC H.1, 2, 3, 5; SC G.1, 3]

IV. CONTENT OUTLINE: See attached

V. INSTRUCTIONAL ACTIVITIES:

- A. Lecture, class participation, and discussion
- B. Test administration and interpretation with written reports and feedback

VI. FIELD, CLINICAL, AND/OR LABORATORY EXPERIENCES:

- A. Students will practice administering and scoring the WJ-III Cognitive and WISC-IV
- B. Students will practice integrating and interpreting information from allied procedures (e.g., interviews, behavior observations).
- C. Students will practice written and oral interpretation of test results.

VIII. EVALUATION AND GRADING PROCEDURES:

Listed below are the grading requirements for this class. An incomplete (INC) will be given only in extremely unusual circumstances. You may administer/interpret/write additional tests should the need arise (as indicated by the instructor) to meet the competencies this course is designed to teach. Students enrolled in this course are encouraged to reflect upon the social and ethical responsibility they are assuming in undertaking this area of professional development. This course requires a significant amount of time (approximately 6 hours per assignment) and effort to master the course objectives. Students are encouraged to read the assigned materials, examine test materials, and read the manuals for each test as soon as possible. Students are also expected to participate in class discussions and assigned activities.

Grades will be earned using the following guideline.

2 Exams (mid-term/final)	100 pts each
4 WJ-III reports	20 pts each
4 WJ-III protocols	10 pts each
1 WJ-III Video	Scored pass/fail
3 WISC-IV reports	20 pts each
RTI Paper	50 pts
	430 pts total

"A" =
$$387 \text{ pts}$$
 "B" = 344 pts "C" = 301 pts

<u>Protocol and Report Scoring Criteria</u>: Each error in scoring and technical administration is counted as one-half error. Age and score conversion errors will count as one error. Scoring errors requiring fine distinctions in judgment will not be penalized but will be corrected and discussed. Reports will be graded using the attached Feedback form. The video will be graded using the criteria provided in the WJ-III Examiner Training Workbook

<u>Note</u>: **This is a competency-based course**. Grades below "B" are unacceptable for persons entering the school psychology or IIA endorsement programs. Failed videos will be reassigned.

IX. ATTENDANCE POLICY:

This course adheres to the policy published in the MSU Graduate Bulletin.

X. ACADEMIC HONESTY POLICY:

Murray State University takes seriously its moral and educational obligation to maintain high standards of academic honesty and ethical behavior. Instructors are expected to evaluate

students' academic achievements accurately, as well as ascertain that work submitted by students is authentic and the result of their own efforts, and consistent with established academic standards. Students are obligated to respect and abide by the basic standards of personal and professional integrity.

Violations of Academic Honesty include:

Cheating - Intentionally using or attempting to use unauthorized information such as books, notes, study aids, or other electronic, online, or digital devices in any academic exercise; as well as unauthorized communication of information by any means to or from others during any academic exercise.

Fabrication and Falsification - Intentional alteration or invention of any information or citation in an academic exercise. Falsification involves changing information whereas fabrication involves inventing or counterfeiting information.

Multiple Submission - The submission of substantial portions of the same academic work, including oral reports, for credit more than once without authorization from the instructor.

Plagiarism - Intentionally or knowingly representing the words, ideas, creative work, or data of someone else as one's own in any academic exercise, without due and proper acknowledgement.

Instructors should outline their expectations that may go beyond the scope of this policy at the beginning of each course and identify such expectations and restrictions in the course syllabus. When an instructor receives evidence, either directly or indirectly, of academic dishonesty, he or she should investigate the instance. The faculty member should then take appropriate disciplinary action.

Disciplinary action may include, but is not limited to the following:

- 1) Requiring the student(s) to repeat the exercise or do additional related exercise(s).
- 2) Lowering the grade or failing the student(s) on the particular exercise(s) involved.
- 3) Lowering the grade or failing the student(s) in the course.

If the disciplinary action results in the awarding of a grade of E in the course, the student(s) may not drop the course.

Faculty reserve the right to invalidate any exercise or other evaluative measures if substantial evidence exists that the integrity of the exercise has been compromised. Faculty also reserve the right to document in the course syllabi further academic honesty policy elements related to the individual disciplines.

A student may appeal the decision of the faculty member with the department chair in writing within five working days. Note: If, at any point in this process, the student alleges that actions have taken place that may be in violation of the Murray State University Non-Discrimination Statement, this process must be suspended and the matter be directed to the Office of Equal Opportunity. Any appeal will be forwarded to the appropriate university committee as determined by the Provost.

XL NON-DISCRIMINATION POLICY STATEMENT:

Murray State University endorses the intent of all federal and state laws created to prohibit discrimination. Murray State University does not discriminate on the basis of race, color, national origin, gender, sexual orientation, religion, age, veteran status, or disability in employment, admissions, or other provision of services and provides, upon request, reasonable accommodation including auxiliary aids and services necessary to afford individuals with disabilities equal access to participate in all programs and activities. General Testing Considerations

- 1. Each student is required to "supply" their own volunteer examinees for the course and is encouraged to begin locating examinees immediately (you will need at least 4 cooperative subjects). All examinees must be children ages 6 to 16 years, 11 months. Parent permission (see attached) must be obtained prior to testing. Providing any feedback to parents or the examinee regarding test performance or providing answers to the child at any time is unethical and a violation of test security and may result in dismissal from the course. No persons except you and the instructor are to know the score of any examinee. Do not present yourself as a representative of Murray State University or the Department of Educational Studies, Leadership, and Counseling.
- 2. You are to make no recommendations for psychological, educational, or medical treatment to the examinee or parents on the basis of your evaluation. You will be expected, however, to make recommendations in reports to or discussions with the instructor. If you have difficulty coping with an anxious parent who is pressing you for advice, consult the instructor.
- 3. Due to the intensity and time limitations of this course, test protocols and reports have specific due dates. Late assignments will result in a reduction in overall grade unless cleared with instructor. *Tests cannot be administered before they are assigned*—you must receive feedback on the previous test before you can administer another test.
- 4. Do not test your own children, spouse, partner, or parents. However, you may exchange children and relatives with classmates. On the test booklet, designate examinees by their first name and initial of their last name.
- 5. All test booklets will be provided. Always attach the completed <u>Consent Form</u> to the front of the protocol and the <u>Checklist for Rating Psychoeducational Reports</u> to the front of each report. All materials must be turned in in an envelope to protect the confidentiality of the examinees.
- 6. Keep reports, protocols, and test materials in a safe place. Do not share items or concepts in the tests with non-assessment personnel under any circumstances. You are ethically and financially responsible for the test kit.
- 7. Record all examinee responses *neatly and clearly using pencil*. Scoring cannot be checked unless the record book is legible.
