

The Off Shore

White College Residents,

I hope everyone has had a great Spring Break and are excited to be back at White College. These next few weeks are going to go by fast as we all move closer to graduation and summer. In the next five weeks the Resident Advisors and RCC are going to have many opportunities for you all to get involved such as the Spring Explosion, Fish Fry, and Relay for Life as well as campus wide events such as All Campus Sing. Also there are many important deadlines that are coming up regarding room reservation for next year, cancellation for the fall, and the Housing/Residence Life Survey. I simply ask that you please keep an eye out for flyers and posters posted throughout the building as well as utilize the Resident Advisors and myself regarding any questions you may have about the deadlines listed above. Again I hope everyone has had a great year and semester; I hope to see you all in the coming weeks as we finish this year strong!

Sincerely,

Jacob Smith

Residence Director White College

Hello White College Sharks!

I hope that everybody had a great spring break! It is that time again when classes start back up and you've got to get back into that groove of everyday college life. But remember this is the home stretch- the beginning of the end of another semester or year at Murray State University. Work starts piling up and going to class seems to get a little harder every day but look at the bright side... summer is almost here! Stay focused and always do your best in everything that you do.

Graduation is coming up and I hope that those graduating from Murray State University had a great experience. I wish you all the best in the future.

For those of us who will remaining at Murray for another semester or next year I hope that you enjoy your summer break.

Remember to always check the flyers that are posted around the building, they hold very useful information. From White's programs to important college information, be sure to check them out when you see them posted around.

And as always be sure to check out the monthly newsletter from White College, The Off Shore!

*All the best,
Heather Burgess
College Head Assistant*
