A Word from the Director

Full Service for You...that's the name for our newsletter and the description of what the Office of Sponsored Programs is able to provide you. We have a full range of services. Naturally, we will assist you in the submission of a proposal for funding for your scholarly activities and research, but we also offer assistance in looking for sponsors, proposal development help (including budgets and forms).

Planning is crucial to being successful and we will help you work toward your goals. The earlier that you contact us in the process, the more assistance we can provide. The OSP staff has worked with proposals to virtually every federal agency, most state agencies and many private sponsors. I hope that you will take us up on our offer soon!

John A. Roark, Jr.

Contact The Office of Sponsored Programs
We are here to provide FULL service for you!

If you:
- need assistance in developing an idea
- need assistance in determining a funder
- would like to submit a proposal
- would appreciate a review of your proposal
- need assistance in preparing a budget
- have questions about external funding

John A. Roark, Jr., J.D.

**Kentucky Council on Postsecondary Education**

Kentucky’s Improving Educator Quality (IEQ) State Grant Program Year 12, Due September 13, 2013

The Year 12 of the Improving Educator Quality State Grant Program is focused on projects that fully integrate the Common Core Standards and/or the Next Generation Science Standards and related assessments in a way that assists teachers in providing intervention in content areas for students in need of accelerated learning.
How we serve YOU!

SUBJECT MAILING LISTS

It is important that you receive information regarding external funding that is relevant to your subject matter. Therefore, we have provided subject mailing lists. The mailing lists are divided up into subject areas to ensure you are receiving information about opportunities that apply to your area.

- Agriculture
- Arts-Humanities
- Economic-Community Development
- Education
- Health-Mental Health
- International
- Nursing
- Science, Technology, Engineering, Mathematics

To subscribe to a list please email msu.sponsoredprograms@murraystate.edu. In the email subject line please type the area of

FUNDING OPPORTUNITY DATABASES

Info Ed/SPIN

InfoEd is a software provider to support Research Administration electronically. How can this help you? There are two services provided by InfoEd that can benefit the researchers.

SPIN, is the world's largest database of funding opportunities. This database can be accessed as a funding opportunity search engine. The link can be found on the OSP website in the Funding Opportunity section.

GENIUS is a central location for the researcher to house their curriculum vitae details. This takes the form of a profile created by the researcher. Through the profile the researcher also has access to email updates of funding opportunities tailored to their work. To set up a profile or to update a profile contact Andrew Cain at gcain@murraystate.edu or access the user guide on the OSP website in the Funding Opportunities page.

Grant Resource Center

Grant Resource Center provides a funding opportunity database that includes private and federal announcements. A link to the Grant Search database is located in the Funding Opportunities section on the OSP website. To obtain the username and password required to access the database email msu.sponsoredprograms@murraystate.edu.
