The main action of the board was to pass a budget with a 2% reduction from the state and a 4% tuition increase. Although the budget did not include university-wide raises, no positions were eliminated. She noted that in the 2009-2010 budget, the University of Kentucky’s Board of Regents eliminated positions and did not provide pay increases. The UK board voted to pay the increase in health insurance as well as to increase tuition by 5%. The regular meetings of the MSU Board of Regents set for 2009-2010 are scheduled for September 25, December 5, February 19, and May 21. The board will hold a summer retreat, with the date to be determined. Gina also reported that the campus’ hosting of the Council on Post-secondary Education’s regular meeting in May went well.

Gina said that Dr. Dunn and the Board of Regents have noted that many staff are going beyond expectations, especially regarding the implementation of Banner. Due to the time requirements of implementing Banner, many staff may be unable to use vacation time before it expires. Anyone in a critical staff position who is unable to take vacation time due to working to implement Banner will have his eligibility to exceed maximum accrual of vacation time taken under consideration for this year only.

Josh Jacobs reported that all presidents of Kentucky public institutions met with the governor regarding the budget for the next fiscal year. No additional cuts will be made to higher education for the 2009-2010 year. The community college system was not exempted from the additional funding cut.
