REPORTS FROM SPECIAL GUESTS:
Josh Jacobs said that many students, ranging in age from young elementary to high school, will be on campus this summer as a result of the efforts of Janeen Winters and Continuing Education, as well as other campus groups. Academic and administrative departments across campus are completing their 2010-2011 Triple I reports in which accomplishment toward goals set for the past fiscal year is evaluated. The reports are available on the President’s webpage under Vision. Josh thanked anyone who is taking the time to compile the reports.

Dr. Don Robertson reported on the progress of relocating departments currently housed in Ordway Hall. Renovation of Elizabeth Hall has begun, with plans to re-open the residential college in August 2012. He reported on Summer O enrollments as well as housing and enrollment applications for the fall semester. Student Affairs is following up with current students who have not registered for the fall semester to determine what support services are needed, such as academic or financial assistance.

Dr. Robertson said he has become aware that faculty and staff often do not know where to refer students with various academic, financial, or other concerns. In response, an information card is being distributed across campus which can be used to refer students to Academic Affairs where the students can then be directed to the appropriate office(s) for assistance. He thanked Grounds, Building, and Facilities Management staff for preparing and maintaining the campus for use by students attending various summer programs including the Commonwealth Academy, Governor’s Scholars Program, and other programs. He thanked all staff for welcoming and assisting students.

Gina Winchester thanked Dr. Robertson for his efforts to notify staff and faculty of a central location to refer students for assistance.

Tom Hoffacker reported that the ORP and KTRS sick leave buyback process continues to be under review to determine if ORP employees will receive cash or funds placed into ORP. KTRS employees will receive funds placed in their retirement funds. He welcomes questions at anytime. He asked that staff be patient with new employees in Human Resources who are processing P.A. forms. Implementation of electronic Personnel Action forms is still in progress. He reported on and answered questions regarding the 4% pay increase. He also answered questions about changes in position grade levels and resulting pay changes, what happens once a person reaches the maximum pay for a grade, the compensation study, and vacation accrual. Persons with additional questions may contact him or Cheryl Waltmon, Manager of Employment, Employee Relations, and Compensation in Human Resources.

Chuck Plummer asked if an employee can be prohibited from using vacation days which would be lost after June 30 due to the maximum accrual policy. Josh Jacobs replied that emergency employees who work on days MSU is closed can possibly lose excess vacation days, but the university does try to work with employees to avoid any loss of accrued vacation time.

Josh Jacobs explained the bicycle loan benefit recently approved by the Board of Regents.

Staff Regent Report: Staff Regent Phil Schooley distributed and discussed a copy of his report, including the approval by the Board of Regents of the 4% pay raise. The next meeting of the Board of Regents is scheduled for August 26, in Hopkinsville. Josh Jacobs gave a summary of the status of the MSU campus in Paducah. In response to a question, Josh explained the tuition and fee assistance program for employees pursuing a doctoral degree.

Phil recognized Josh for completing his doctoral degree. Phil said the university has received an approval from the CPE as part of the process of being able to offer a doctorate of nursing degree.
