Self Guided Walking Tour
of Murray State University

This walking tour of campus should take you approximately one to one and a half hours, depending on your walking speed. If you are doing this tour during regular office hours (Monday – Friday, 8 am – 4:30 pm during the regular school year; 7:30 am – 4 pm during the summer) you may enter most buildings with little difficulty. However, if you are visiting campus during the weekend or evening hours some buildings may be locked. The starting point for the tour is the Curris Center and is open seven days a week, except during holiday breaks when the university is closed. This would be a good place to take a bathroom break before the tour!

To help guide you along the tour you will find a campus map on the back page of this booklet. The number before the name of each building corresponds to the building numbers on the campus map.
24 Curris Center (Start of Tour)
- Built in 1981. It took 3 years to complete.
- Building is named after Dr. Constantine Curris, who was the president of the university at the time the Curris Center was built. Dr. Curris is currently serving on the Board of Regents.
- The building is built in 5 separate sections so that it could withstand a magnitude 5 earthquake.
- The wooden benches and statues were created by a student, David Mitchell. He made them by putting layers of plywood together with Elmer’s Glue, and then he cut out the designs with a chainsaw.

- First Floor:
  - Offices for Undergraduate Recruitment and Admissions
  - Scholarship Office
  - Dining Services and RacerCard Offices
  - TV Lounge
  - Study Areas

  o Building named in honor of Harry Lee Waterfield, MSU alumnus and former Lieutenant Governor of Kentucky.
  o This library has been the main library on campus since 1978 with 3 floors holding approximately half a million books, as well as the largest computer lab on campus. The library contains a media room, which houses a large CD, DVD and multimedia collection. You can also access more than 100 electronic databases from the library online. Copy Express is located on bottom floor. Students may check out laptops with their student IDs.
  o The building is newly renovated with wireless access throughout, lounges with leather furniture and study areas, and a coffee bar.
  o Building stays open until 12:30am during the week and 8pm on weekends with extended hours during finals.

• **44 Doyle Fine Arts Center  Located on your right**
  o This is the tallest building on campus.
  o The primarily student-run television station MSU TV-11, and the National Public Radio station WKMS are on the top floor.
  o Clara M. Eagle Art Gallery for student and professional exhibits is located on the sixth floor.
  o The Robert E. Johnson Theatre which is used for student performances and productions is located on the ground floor.
  o Departments in this building are Theatre and Dance, Art and Music.

• **49 Front façade of the old Ordway Hall  Located on your left**
  o Built originally in 1931 as a male dormitory; later used as offices.
  o Demolished during the summer of 2013 – the façade was left standing with the intent to create an open area for students.

• **48 Woods Hall  Located on your left down the sidewalk from Ordway Hall**
  o Originally a dormitory, now renovated for offices and classrooms.
  o The Institute for International Studies and English as a Second Languages Offices are housed here.
  o Murray State offers Study Abroad opportunities in 45 different countries.

*Turn slightly right at the gate and proceed across the Quad diagonally. Walking across the Quad, everything on page 5 will be on your left, everything on page 6 will be on your right as you approach the Business Building.*
• **50 Pogue Library**
  o First library on campus, now houses mostly special collections.
  o The Overby Law Library is located in the basement of Pogue.
  o Listed on the National Register of Historic Places.
  o In addition to being a library in the past, it also featured a bookstore, post office, museum, and the offices for The Murray State News and the Shield.

• **Rainey T. Wells Statue**
  o Dr. Rainey T. Wells is considered the founder of Murray State and served as the 2nd and 6th president.
    ▪ MSU was founded in 1922 as Murray State Normal School.
    ▪ The doors officially opened on September 24, 1923.
    ▪ The first graduating class consisted of 12 people.
    ▪ In 1930 we became Murray Teachers College.
    ▪ In 1948 we became Murray State College.
    ▪ In 1966 we became Murray State University.

• **Shoe Tree**
  o Tradition at Murray State that if two people meet while at Murray State and then later marry, they return to place a “his” and “hers” shoe on the shoe tree. If they have children, often people return and place their children’s shoes on the tree.
  o The current shoe tree is the 2nd, and it has had its top chopped off because the nails act as conductors for electricity. The first shoe tree was struck by lightning and had to be cut down!

• **51 Lowry Center**
  o Houses the Community College which provides developmental education classes and free tutoring
  o Houses the Transfer Center
  o Houses the Honors Program

• **56 Wilson Hall**

• **25 Collins Industry and Technology Center**  Located on your right
  o Departments and offices:
    ▪ Industrial and Engineering Technology
    ▪ Information Systems
    ▪ Telecommunication Systems Management
    ▪ Occupational, Safety and Health
  o Houses one of the few nationally accredited programs for Occupational Safety and Health Administration (OSHA).
  o The site used to be the home of Johnny Reagan Baseball Field until it moved to the stadium area. Students used to stop and watch the baseball games on the way to and from classes.

At this point of the tour you can either cross the street in a cross walk or take the stairs from the parking lot of the I&T building and use the walking bridge to cross the street. You will then be on the residential side of campus where you will see Winslow Dining Hall, numerous residence halls and the Wellness Center. Just past the Wellness Center are the athletic facilities used for football, track and field, baseball, basketball, and rifle events.
Residential College System History

- The idea was adopted by Murray State in 1996.
- Murray State was the first public institution in the country to adopt the Residential College idea.
- Residential Colleges are small families that create a living-learning environment for its students.
- Residential colleges offer clubs and leadership positions in campus organizations giving all students an opportunity to get involved.
- Students of all age, race, ethnicity, background, etc., are put together to learn and grow from each other.
- A faculty member is assigned to each Residential College as the College Head, however, all faculty and staff are also members of each Residential College. It offers the students a chance to interact with faculty in and outside of the classroom.
- Studies have proven that being a part of a Residential College has led to higher grade point averages as well as higher graduation rates.
- Each college is composed of residents and students who commute; the building serves as a hub for the Residential College.
- Anyone can visit any time, but they have to be signed in as well as escorted at all times by the resident. There is always someone at the front desk of every residential college to monitor the cameras and sign people into the building.
- The Residential Colleges are:
  - 16 Clark College
  - 17 Elizabeth College
  - 14 Hart College
  - 9 Hester College
  - 21 Regents College
  - 8 Richmond College
  - 10 Springer/13 Franklin College (Springer Hall is a female only building, but the college has male members.)
  - 20 White College
• **15 Winslow Dining Hall**
