

# Hancock Biological Station on Kentucky Lake 2013 Summer Field Program

*A summer at a field station is a learning experience that lasts a lifetime*

## SHORT SESSION COURSE

May 13 – May 24  
**BIO 578/678 Conservation  
Biology**  
Howard Whiteman  
Murray State University  
(4 credit hr)

## LOCATED ON KENTUCKY LAKE

in southwestern Kentucky, HBS was established in 1966. HBS is a nationally recognized field station with almost limitless opportunities for studies of aquatic and terrestrial biology.

**Competitive Fellowships** available through ECOMA, WSI, and HBS. **Housing** is available at the Station for students and visiting researchers. **FOR ADDITIONAL INFORMATION** on the courses visit our web site and watch our video at [www.murraystate.edu/hbs](http://www.murraystate.edu/hbs) or call (270) 474-2272 or e-mail [gharris@murraystate.edu](mailto:gharris@murraystate.edu).

*Find us on Face Book*

## REGULAR SESSION COURSES

May 28– July 1  
(4 credit hr courses)

**BIO 330 Ecology**  
Todd Levine  
Murray State University  
Monday & Thursday
