

Christin Yates (2007)

Music Business

“My undergraduate research experience benefited me and Murray State University. While my project on the music business helped build my resume, the music business curriculum I developed enabled Murray State to add a music business degree option to its music program. Now Murray State students have an opportunity to study the music business and pursue exciting professional careers in this industry.”

Christin Yates (2006, 2007)
Account Manager
Archer, Malmo Public Relations
Mentor: Dr. Sonya Baker
