For more information contact Amber Anderson,
amber.anderson@murraystate.edu or 270-809-3987

What is CyberCave ?

The CyberCave is a hands-on lab where high school students can learn about telecomm technology. With help from Telecommunications Systems Management students from Murray State, your students will experience real-world technology used in every-day business procedures.

YOU WILL GET:

- 2 hours of hands on FUN
- FREE Lunch at MSU Winslow Cafeteria
- Possibility of Transportation Grant
