STANDING COMMITTEE REPORTS:

Executive Committee: President Neal said the Executive Committee did not meet in July due to camp schedules and staff vacations.

Ms. Neal said that, in the future, Staff Congress may want to consider using the July meeting as the Staff Congress Retreat instead of scheduling the retreat on a separate date. The Executive Committee is in the process of completing Staff Congress committee assignments using the responses Staff Congress members indicated on the Committee Preference Form. Representatives who are appointed to the Staff Congress Personnel Policies and Benefits Committee will also be appointed to the University-Wide Insurance and Benefits Committee. The Executive Committee plans to have the committee assignments completed for presentation at the Staff Congress Retreat.

Credentials and Elections Committee: Orville Herndon made a motion to appoint Ken Ashlock to complete the remainder of a vacant Staff Congress position that expires June 30, 2027. Dedrick Brooks seconded the motion. President Neal called for the vote. The motion carried.

Mr. Herndon asked Staff Congress members to introduce themselves.

Staff Recognition and Special Events Committee: Tressa Ross reported that the Staff Recognition and Special Events Committee is working with the Office of the Vice President for Finance and Administrative Services to plan the Staff Breakfast. The committee hopes to schedule the breakfast on a date when Dr. Patterson will be able to attend.

President Neal suggested the committee ask if the Staff Breakfast can be scheduled in conjunction with a back-to-school event. Ms. Neal noted that Dr. Patterson has held back-to-school events at other universities and may be considering holding a similar event at Murray State.

President Neal requested that the committee ask the Human Resources office if Staff Congress can provide information about the Racer Spirit Award and Staff Recognition Award at the Staff Watermelon Social.

Communications Committee: Jeremy McKeel reported that headshots of Staff Congress Members were taken before today's Staff Congress meeting. He provided Staff Congress members with a link to submit a brief biography that the Communications Committee will post, with the headshots, on Staff Congress social media to introduce Congress members to the university community.

President Neal added that Staff Congress members can recognize staff accomplishments by sending the information to the Communications Committee to post on Staff Congress social media. Mr. McKeel provided a link for submitting staff accomplishments for social media posts.

Working Conditions Committee: BJ Johnson reported that the Working Conditions Committee is continuing to compile information from peer universities on the topic of four-day summer work-week schedules. The committee tentatively plans to present the information at next month's Staff Congress meeting.

President Neal said she will follow-up with Human Resources Director Courtney Hixon concerning the proposed revisions to the callback policy.

Staff Survey Committee: No report.

Textbook Scholarship Committee: President Neal gave the Textbook Scholarship Committee report on behalf of Chair Joshua Hutson who was unable to attend today's Staff Congress meeting. The committee will be promoting the fall application deadline for the Textbook Scholarship and the Professional Development Fund Scholarship, as well as promoting scholarship donation requests through the Office of Development.

Personnel Policies and Benefits Committee: Trish Lofton said the Personnel Policies and Benefits Committee will follow-up on the proposed revision to the callback policy that was submitted to university administration.

Community Involvement and Access Committee: President Neal reported that the Community Involvement and Access Committee is planning the next Staff Success Week. The 2024-2025 committee chair accepted off-campus employment. A new chair will be appointed for the 2025-2026 year.

UNIVERSITY-WIDE COMMITTEES:

Faculty and Staff Insurance and Benefits Committee: Orville Herndon said the Faculty and Staff Insurance and Benefits Committee will meet at the end of August. The committee will discuss 2026 insurance information if the information is available at that time. Persons with feedback concerning the 2025 insurance may forward comments to Mr. Herndon to share with the committee.

Intercollegiate Athletic Council: No report.

Naming Campus Facilities Committee: No report.

Judicial Board: No report.

Sick Leave Appeals Committee: No report.

International Studies Advisory Committee: No report.

Budget Advisory Committee: President Neal said the Budget Advisory Committee will share budget information as it is received.

Shared Governance Committee: President Neal said that although the Shared Governance Committee is not listed as an official committee in the Board of Regents Policy Manual, she anticipates that shared governance-type meetings will be held in the future.

Parking Advisory Committee: No report.

A question was asked about the parking lots between Calloway Avenue and Ryan Avenue west of 16th Street.

Duane Dycus replied that at the spring meeting of the Parking Advisory Committee, the committee was told that the lots will be combined into one lot.

Discussion followed regarding access to parking spaces that are currently available for use but are blocked by incorrect parking of personal vehicles of construction staff, with individual vehicles occupying multiple spaces or are backed into parking spaces. Staff also noted seeing vehicles parked in fire lanes.

Mr. Dycus replied he will relay the concerns to the Parking Advisory Committee. In addition, Staff Congress President Neal will draft a statement regarding the parking concerns discussed at today's meeting. She will send the statement to Staff Congress members for feedback, then forward the statement to the Parking Office to address concerns prior to the start of the fall semester and before the fall meeting of the Parking Advisory Committee, which will be held later in the semester.

Staff also discussed the possibility of receiving warnings for parking violations that may have been made as a mistake and not an intentional violation. For example, staff who obtained a new license plate may have forgotten to update the information for the parking permit. Staff noted that when driving a new vehicle onto campus, and planning to update the vehicle parking permit upon arriving at work at MSU, some staff have received a ticket within approximately two hours of arriving on campus before having the time to update the parking information due to other responsibilities when arriving at work.

AD HOC COMMITTEES:

Business List Revision Committee: President Neal will update the access to the Business Discount List in Google Docs so that Business List Revision Committee Chair Jodi Hanneman can continue to update the list.

Staff Regent Bylaws Revision Committee: Orville Herndon said the Staff Regent Bylaws Committee is waiting for information from peer universities to use in the discussion of proposed revisions to the Bylaws concerning the Staff Regent.

President Neal recommended the committee use the information received to date from other peer universities and proceed with the development of proposed Bylaw revisions.

Mr. Herndon recommended that the Bylaws revision include moving the election of Staff Congress Officers from June to May.

President Neal added that holding the election of Staff Congress Officers in May would allow more Staff Congress representatives to vote in the election. Some Staff Congress members are unable to attend the June Staff Congress meeting due to other responsibilities, such as Racer Nation Orientations. Some members hold ten-month positions, August through May, and do not work during June and July. If the officer election is moved to May, the terms of office for Staff Congress officers would remain as is, July through June.

Parking Benefit Committee: Duane Dycus reported that new faculty appointments have been made to the Parking Advisory Committee. He will contact the new committee members to discuss the development of the joint statement on the parking benefit that was discussed at the June Staff Congress meeting.

Trish Lofton made a motion to accept the recommendations from the 2024-2025 Staff Survey. Justin Thomas seconded the motion. President Neal asked if there was any discussion.

The question was asked if the Congress is voting to accept the Staff Survey Results.

President Neal replied that the vote is to accept the recommendations from the Staff Survey. She asked if there were any further questions. Hearing none, she called for the question. The motion carried.
