Emergency

When you reach this page, you have completed your enrollment. Click on the “Manage Subscriptions” now or in the future to change how you receive messages or to opt-out of future messages.

The Murray State MyConnect Portal allows you to ensure your contact information is correct. It will also allow you to make additions to your contact information for receiving messages from RacerAlert through the Blackboard Connect system. That means that you can add parents or family members' phone numbers so that they receive emergency alerts, too. Remember, this system contacts you during an emergency, so it is important that you keep your cell phone information up-to-date!
