

**Institutional Review Board (IRB)**  
**Application for Amendment to a Previously Approved Protocol**  
**For Investigations Involving Human Participants**  
Murray State University

**Instructions:** Complete this form when proposing to make any changes, modifications, additions, revisions, updates, addenda, or amendments to a research project previously approved by MSU's IRB. This includes the addition, removal, or reassignment of principal investigator, faculty sponsor, research assistant(s), or other study personnel. Submit the completed form and all supportive documents to: [msu.irb@murraystate.edu](mailto:msu.irb@murraystate.edu). Please attach a copy of all study materials pertinent to the amendment request, such as informed consent form, survey tool, new research personnel CITI training, etc. Changes to an approved protocol or informed consent document may not be implemented without prior written approval of the IRB.

Principal Investigator:

Faculty Sponsor:

IRB Protocol Number:

Project Title:

Describe the change(s) being requested to an approved protocol or informed consent document:

Reason for the change(s):

List any reportable adverse events that have occurred since the previous approval:

Provide a brief status or progress update for the research protocol:

Identify any changes to the risk level associated with the proposed amendment(s):

**Attestation:** I certify that, to the best of my knowledge, all research activities related to human subjects have been accurately and completely described in this form and investigator(s) shall not undertake or implement changes to the research protocol until IRB approval has been provided.
