Subject: December 2012, Graduation Survey Report

To: Dr. Don Robertson, Vice President, Student Affairs

From: Dr. Ross Meloan, Career Services

Date: February 5, 2013

The information contained in this report was obtained from the December, 2012 graduates participating in the December, 2012 graduation ceremony held in the CFSB center on December, 15. Two-hundred four surveys were collected from students that morning.

#### Academic College representation:

Colleges	Number	Percentage
Arthur J. Bauernfeind College of Business	35	17
College of Education	41	20
College of Health Sciences and Human Services	32	16
College of Humanities and Fine Arts	30	15
College of Science, Engineering and Technology	13	6
Hutson School of Agriculture	22	11
School of Nursing	9	4
Did not answer	22	11
Total	204	

Degree	Number	Percentage
Bachelor's degree	135	66
Master's degree	39	19
Specialist degree	3	1
Did not answer	27	13

The December graduates were provided a shortened survey. Therefore some elements that were tracked are unavailable for this report. Examples include the types of degrees, e.g., Bachelor of Music, Bachelor of Science in Agriculture or Masters of Fine Arts, Masters of Arts in Education were not tracked for this graduating cohort.

Graph 1 <u>Employment</u>: Several employment descriptions were available to the respondents. Those graduates who answered that they had accepted full-time, part-time, short term or

continuing employment along with those indicating that they were self-employed were counted as employed. A total of one-hundred and six or fifty-two percent of those responding were counted as employed:

A list of companies, locations and job titles is provided in the appendix of this report.

Average salary and signing bonus: The students were asked to provide their annual salary. In addition, the survey also asked if a signing bonus was offered and if so the amount. Forty-nine students provided this information. Two reported an hourly wage which was re-calculated to an annual salary. The average salary was \$40,896.16. The range of salaries was \$86,500.00 to \$6,000.00. The May, 2012 survey found an average salary of \$38,371.27.

There were only two signing bonuses for the December graduates compared to eight for the May, 2012 graduates. Those two signing bonuses were \$1,000.00 and \$6,000.00.

Graph 2A <u>Internship</u>: The survey asked two questions related to students participation in experiential learning opportunities. The first question asked if students participated in an internship while they were attending Murray State. The second question asked if they participated in an academically required on/off-campus experiential education opportunity.

Ninety-seven or forty-seven percent of the total number of respondents indicated that they had participated in an internship.

## Internship participation

Graph 3 Job related to academic preparation:

# Is your job related to your academic preparation?

Graph 4 <u>Graduate school</u>: The following graph shows the number of students who are already planning on attending graduate school and those who are seeking graduate school admission.

### **Graduate school**

A list of graduate schools is provided in the appendix of this document.

This survey asked students if they were pursuing additional coursework, i.e., post-baccalaureate courses, certifications and language study were used as examples. Only four students indicated that they were going to take additional coursework following graduation.

## December, 2012 Graduation Report
