Logo

This is the primary logo used for the University. This logo represents us at the very highest level and is a significant part of our brand. It acts as a signature, an identifier and a stamp of quality. It should always be the most consistent component in our communications. To preserve the University logo’s prominence, no additional iconography, marks or artwork may be used in conjunction with it or with any logo variation. Approved secondary identity elements may be used as supporting art, but they should always be clearly separated from the logo. Only the official artwork should always be used.

Messaging

The “We are Racers.” brand messaging is intended to be a unifier for both the campus and greater community while supporting the brand promise and mission of the University.

The “We are Racers.” messaging can be used by following these guidelines:

- Choose words only from the approved word bank. Words should remain lowercase.
- You may list 1 or 2 “We are” statements before the “We are Racers.” statement.
- The “We are Racers.” statement is always used last.
- “Racers” is always capitalized while “are” is never capitalized. There is an exception to this rule when using hashtags; #WeAreRacers is the proper format.
- Never abbreviate the tagline (W.A.R.).
- Each statement always ends with a period.
- Download and use FreightText Medium font from murraystate.edu/toolkit.
