

This is a suggested sequence for those with an **AA (not AAS) degree** who wish to go on and earn a BSB degree in computer information systems at Murray State University. The same model works for those seeking a **second degree except they need to make sure they met the CoB admission requirements**. *Most of the classes are offered in the terms shown below; several may have pre-requisites. It is important that you work out a complete schedule after talking with a Computer Information Systems program advisor.*

The following **MUST be completed prior** to starting at Murray: Entire University studies block, ACC200, ACC201, ECO230, ECO231, Calculus, BUS215, Statistics, LST240, CSC101, and CSC199.
 To see how courses transfer in from your school, use this link: <http://murraystate.edu/evaluate>

Starting in the Spring term				
Assumption: Student has completed CSC101, Calculus, CoB admission requirements				
	Spring	Hrs	Fall	Hrs
JR	MGT350	3	CIS343	2
	MKT360	3	CIS307	3
	CSC232	3	FIN330	3
	CIS317	3	CIS399	1
	CNM135	3	CIS (e)	3
		15		12
A summer internship may be swapped with one of the three CIS electives (CIS (e))				
SR	LSC343	3	BAC442	3
	ECO310	3	MGT590	3
	CIS (e)	3	CIS (e)	3
	CIS325 (S)	3	CIS420 (F)	3
	CIS407	3		
		15		12
