Group members I'd like to stay in contact with:	

The plan is a living document. While conditions and activities may change throughout the year, a plan serves as an accountability measure for everyone on the team. Don't file it away or stuff it in a binder. Keep it in a central and visible location. Revisit it at each team meeting. Determine were adjustments need to be made along the way. Don't forget to celebrate successes!

Analyze past performance: you can't determine success if you don't know where you've been

How did you do last year?

Dollars raised

of donors

of new donors

Retention rate

Cost to raise a dollar

Where did you succeed? Why?

Where did you stumble? Why?

What does this tell you about what the year's work should entail?

Set big goals for the year: beyond \$\$ raised

of new donors

of donor visits

monthly giving program

retention rate

board involvement

strengthening fundraising infrastructure (database, payment processing, etc)

What else?

Outline the year – who will do what and when?

Map goals to a calendar by weeks, months, or quarters

Example:

Goal	Point person	Q1 tasks	Q2 tasks	Q3 tasks	Q4 tasks
Create legacy giving	Executive director	Committee	Draft	Finalize	Conduct
marketing	with assistance	kick off	materials,	and print	at least 5
campaign with at	from marketing	meeting	share with	materials;	donors
