

Bridge to Supervisor of Instruction

An Option for Rank Change

The program is specifically designed for individuals who aspire to advance into administrative roles within the district or at the building level, without the objective of pursuing positions such as principal or superintendent. Participants will have the opportunity to engage in a unique pathway that enhances their qualifications and develops their leadership skills through a structured curriculum. This initiative will provide participants with essential knowledge and competencies, enabling them to effectively contribute to their institutions while preparing them for future leadership opportunities.

About Our Program:

Projected completion is just 5 semesters

Distance Learning - online via Zoom

Leads to Supervisor of Instruction Certification, with the addition of ADM, 601, 672, 631, and 669, and passing the state-required assessment

More Information:

Prior Learning Assessment: (PLA) may earn candidates up to 12 credit hours

Student Teacher Vouchers: may be applied toward a 3-credit-hour course
