

Certificates in Postsecondary Education Administration

College Advising

- Equips individuals with counseling-based advising skills
- Introduces an organizational understanding for PSE

Higher Education Assessment

- Curriculum is focused on skill development
- Explores assessment at varying institution-wide levels

Higher Education Management

- Explores accreditation, finance, law, and strategic planning
- Teaches administrative skills useful to various institution types

Student Affairs

- Covers program, service, and student development topics
- Opportunity to study abroad

All certificate programs are 12 credit hours and can be completed in one year. A majority of courses in the curriculum can be counted toward the Master of Arts in Postsecondary Education Administration degree program.
