*Completion rates are estimated by the number of students starting the program who complete within the estimated completion timeframe, which for the M.A. in School Counseling degree, it is 2 ½ years full-time and 4 years part-time. The majority of School Counseling students have full-time jobs and take classes when they have an opening in their schedules. Therefore, many students exceed the estimated time period. In addition, many of our school counseling students decide to continue in the program by joining the EdS in School or EdS in Clinical Mental Health Programs. Therefore the numbers for obtaining counseling positions are often lower.
