

JCSET Graduate Research and Conference Travel Grants

The Jones College of Science, Engineering and Technology is accepting applications for two types of grants in support of graduate education.

Graduate Research Grants provide up to \$1000 to be used for supplies and/or travel to research sites in support of student research. Application periods are in fall and spring semesters. Students awarded a research grant must present the results of their research during Scholar's Week, as either an oral or a poster presentation and at a regional, national or international conference.

Graduate Conference Travel Grants provide up to \$1200 for students traveling to conferences in their field to present their research. Students awarded a Conference Travel Grant must provide the screening committee with an accepted abstract prior to dispersal of funds.

Applicants for these grants should submit an application form (see below), a proposal (see application form for details), a brief curriculum vitae and 2 letters of recommendation (one must be from the major advisor).

Application deadlines are Oct. 15 and March 15, each year. Students will be notified of awards by Nov. 15 and April 15.

Submit application materials via mail or electronically, to the JCSET Collegiate Graduate Coordinator and Assistant Dean, 203A Industry and Technology Building, Murray State University, Murray, KY 42071
