MORE ABOUT OUR ACADEMY:
It’s Your World to Explore at Murray State University!

Information on Courses:
- Schools may choose to offer one or all courses.
- Course curriculum will be provided by MSU.
- Courses will be coordinated by the Racer Academy of Agriculture Coordinator at MSU.
- Courses will be counted as Equivalent Agriculture courses at the University Level.
- For dual credit, the local secondary Agriculture Instructor will deliver and teach the course within the regular high school day or supervise self-directed student learning.
- Courses will be web supported through Canvas Academic Suite or other means by MSU.
- Courses are offered semester only format with MSU coordination.
- Courses must be offered for both college credit and high school credit. Only those admitted and passing the class will receive college credit.
- Minimum requirement – 40 hours of classroom instruction.

Resources Required:
- Classroom access to computer and/or projection system.
- Access to readings and articles based on course content.
- Other electronic resources as identified.

Student Information:
- Available to High School Juniors and Seniors.
- Participating students desiring college credit must apply for admission to MSU online.
- Students have a 3.0 g.p.a or top half of class. (Transcripts required)
- $58 course fee per credit hour.
- Students will receive the appropriate hours of college credit for completing the course assignments, engaging activities, quizzes, mid-term exam and final exam.

Teacher Information:
- High School teachers must have Master’s Degree or 18 hours graduate credit in field.

Call 270-627-3674 or email dblack3@murraystate.edu for more information.
