

Statement of Intent to Enter an Accelerated Graduate Program and Graduate Credit Approval BS-Exercise Science & MS-Occupational Therapy

(Form to be completed upon notification of admittance to the MSOT program)

Office of the Registrar, 113 Sparks Hall, Murray, KY 42071 | msu.records@murraystate.edu

The Accelerated Graduate Program allows exceptional undergraduate students at Murray State the opportunity to complete the requirements for both their bachelor's and master's degrees at an accelerated pace – typically with just one additional year. Applicants to this program must meet the following criteria:

- current MSU Exercise Science undergraduate student who have progressed through a specified sequence of courses
- earned at least 90 undergraduate credit hours (students who have completed all baccalaureate degree requirements are not eligible)
- completed the majority of major courses required for the undergraduate degree as determined by the department offering the 4+1 program
- undergraduate cumulative and prerequisite grade point average of at least 3.2 at the time of application to the OT program
- all OT program prerequisites must be complete by the end of the spring semester prior to the fall start date

Additional program-specific requirements for graduate admission may exist. Visit MSU's OT webpage.

This form must be completed, approved, and submitted to the Office of the Registrar at least 30 days prior to the start of your first participating semester. Forms submitted after the deadline will returned.

Qualified students who are seeking admission to an accelerated graduate program may take advantage of various benefits, including fewer total credit hours to earn a degree, cost savings, and undergraduate level tuition/scholarships/financial aid for portions of a master's program. Students who miss the deadline, but would like to be considered for a future start date, must revise and resubmit this form with updated course and semester data.

MSU ID: M _____ Name: _____

By signing below, the student certifies the following:

- I intend to enter the Accelerated Graduate Program to complete both a baccalaureate degree in Exercise Science and a master's degree in Occupational Therapy.
- I currently have an undergraduate GPA of _____.
- I have completed and/or enrolled in at least _____ hours of undergraduate coursework.
- I understand I must have a minimum cumulative undergraduate GPA of 3.2 to apply to the MSOT program and that I must earn a minimum of 3.2 GPA and a B or better in all MSOT prerequisite courses. See the university bulletin for detailed information.
- I understand I must complete the credit hours necessary for my undergraduate area/major confirmed by my RACR degree audit for my catalog year, and also complete any additional requirements for my baccalaureate degree including a second major or minor (if applicable) and general education curriculum.
- I understand the baccalaureate degree requires a minimum of 120 credit hours and the master's degree requires a minimum of 30 graduate credit hours (72 hours for the MSOT program). A maximum of 30 MSU graduate credit hours (Accelerated Program Credit) may be applied toward both the baccalaureate and master's degrees.
- I understand the baccalaureate degree must be awarded at least one semester prior to completion of the master's degree and that I must apply for graduation for both degrees by the posted deadlines found on myGate.
- I understand I may take a maximum of 30 MSU graduate OT credit hours (Accelerated Program Credit) while

classified as an undergraduate student. Not all students will receive the maximum 30 credit hours. Current program sequencing allows for up to 13 hours in the first semester and 16 hours in the second semester; therefore, students will typically earn between 13 and 29 hours of graduate credit while participating in this program as an undergraduate student, dependent upon individual circumstances and courses needed to complete the baccalaureate degree. Undergraduate degree completion may occur in the fall or spring semester.

- I understand courses completed for Accelerated Program Credit will not appear on my graduate-level academic record (transcript) until I have graduated from the approved baccalaureate degree and officially enrolled in the approved graduate-level program.
- I understand I must enroll in the approved graduate-level degree program within two years of graduation from the approved undergraduate degree for the Accelerated Program Credit to be applied to my graduate-level academic record (transcript).
- I understand grades earned in Accelerated Program Credit will count in both the undergraduate and graduate degrees and cumulative GPAs once I have enrolled as a graduate-level student in the approved graduate program.
- I understand that accelerated graduate credit, Prior Learning Assessment and transfer credit combined may not exceed two-thirds of the credit hours of the degree.
- I understand that I will be required to officially apply to MSUs Graduate Program and pay the admission fee during my last semester in my baccalaureate program (i.e. spring semester first year of the MSOT program).
- While completing my baccalaureate degree, I will be considered an undergraduate student and assessed undergraduate tuition fees. Financial aid and scholarship opportunities may be available. Financial aid and scholarship eligibility is determined by the Student Financial Services Office and based on courses required for my baccalaureate degree. After I have completed all baccalaureate degree requirements, I must be admitted as a graduate student in the master’s program and will no longer qualify for undergraduate classification for any purpose. Once admitted to the master’s program, I will be assessed graduate fees for all courses, regardless of course level. As a graduate student, my financial aid and scholarships will be based on graduate status.
- I understand if I am dismissed or I voluntarily drop out of the accelerated graduate program, I will not be eligible to use the Accelerated Program Credit toward any graduate degree; however, the graduate courses will continue to apply toward the undergraduate degree. EXS students may still be required to take EXS445 Senior Seminar I.
- I understand the enrolled graduate courses must be indicated on the Accelerated Graduate Program Credit Approval form and comply with the Statement of Intent to Enter an Accelerated Graduate Program. **Only courses which are required to complete the undergraduate degree will be used to determine financial aid eligibility each semester.**
- I understand that I must discuss my course schedule with my academic advisors; complete the pre-registration verification form on myGate each semester; register for all undergraduate courses; obtain any prerequisite/closed class overrides needed for the graduate courses; and submit the Accelerated Graduate Program Course Registration Worksheet online by noon (12:00PM CST) on the last day to add the class. See the Academic Calendar for specific deadline dates.

SECTION 1: Must be completed by the academic program

The following MSU graduate courses are approved to apply toward both the undergraduate and graduate degrees. A maximum of 12 credit hours is allowed. Changes to these courses require a new form to be submitted and reapproved. Only courses which are required to complete the undergraduate degree will be used to determine financial aid eligibility.

MSU Graduate Course Prefix & Number	Hours	Substitute this graduate course for the following undergraduate degree requirement listed in section one	Course needed for UG degree (Registrar Use Only)	Semester/Year Taken (Registrar Use Only)	Grade Received (Registrar Use Only)

SECTION 2: Must be completed by the student and Student Financial Services.

I certify that I have received financial counseling regarding billing and eligibility factors for financial aid, grants, MSU employee/dependent tuition waivers, and scholarships for participants in the Accelerated Graduate program.
