

FAQs for Residency for Tuition Purposes

➡ Contact the Registrar at (270) 809-3380 for specific questions about your residency case.

Q. How long do I have to live in KY to get in-state residency? (I've been living in Kentucky for 1 year. Do I qualify for in-state residency?)

A. Mere physical presence in KY doesn't automatically qualify someone for in-state residency. There are many factors the State of Kentucky requires in order to establish residency for tuition purposes. Many people live in Kentucky, including students from other countries, while going to school but have not established **permanent** residency in the state. Although certain presumptions about residency refer to a period of twelve (12) months, there is no specific time limit for establishing residency and domicile for tuition and admission purposes. The student is responsible for providing convincing evidence that residency and domicile have been established pursuant to 13 KAR 2:045.

Q. If I have a KY driver's license, vehicle registration, voter registration, and a lease, will I be considered a KY resident?

A. Although they are required as **part** of the supporting documentation for residency, due to the ease and convenience in completing these acts, they have **limited** value in a determination that a person is domiciled in and is a resident of Kentucky.

Q. What must I do in order to be considered an independent person who can establish residency in Kentucky?

A. The student must submit documentation showing ability to provide the necessary financial resources to provide all of their needs, as defined in 13 KAR 2:045, **without dependence on student financial aid** (grants, loans, federal work study, or aid) **or financial help from any other person** (except a spouse) and proof of not being claimed by a parent or other person (except for a spouse) as a dependent or as an exemption for federal and state tax purposes. A student is considered a dependent of their parents/guardian if they enroll immediately in college following high school graduation and remain enrolled. Refer to 13 KAR 2:045 Section 5 for details.

Q. I'm an independent person on my FAFSA. Will I be considered an independent for residency?

A. The federal financial aid residency definition may differ from the state of KY regulation. In cases where student financial aid information differs from that required for residency, follow the KY residency regulation in making residency determinations.

Q. What is the residency of a dependent student?

A. A dependent person's residency is that of the parent(s)/legal guardian or spouse.

Q. What is the definition of full-time employment?

A. Working at least 48 weeks per year, with an average of at least 30 hours worked per week, constitutes full-time employment for tuition residency purposes in KY. In most cases, full-time employment in KY for at least one year prior to enrolling full-time at Murray State University is required to establish KY residency.

Refer to the murraystate.edu/residency website for additional residency FAQs.

I. SUBMISSION (initial each item)

- Applications that are incomplete, not notarized, or without supporting documentation, will be returned to the applicant, thereby jeopardizing the applicant's adherence to schedules and deadlines.
- Know the tuition deadline. Filing a residency affidavit does not count as payment. Please allow two weeks between filing and the tuition payment deadline. Otherwise, your affidavit may not be reviewed prior to tuition payment being due, and you are responsible for your full balance.
- If you choose to stay in courses past the 100% refund deadline and your appeal is denied, this will not be a sufficient reason for a 100% refund from your courses.
- If additional information is needed, the Residency Officer will contact you via your MSU email. Please respond to any inquiries about your residency appeal within 5 business days. If the Residency Officer does not hear from you, this may be reason for automatic denial.
- You will be notified of the decision by mail. Every student has the right of appeal through the Residency Appeal Committee. This is a formal process that is outlined to you if denied.
