

Credits earned through educational institutions located outside of the United States will be considered for acceptance after an appropriate evaluation. Educational institutions must be recognized by the Ministry of Education (or other accrediting body) of the respective country in order for credit to be accepted.

Students may be required to send their documents to an evaluation agency for a COURSE-BY-COURSE evaluation report. An official copy of this report should be sent directly from WES, SPANTRAN, or ECE to the International Admissions Office at Murray State University. This report will then be reviewed by MSU to determine acceptable transfer credit.

Murray State University only accepts course-by-course evaluations from the three companies listed below:

World Education Services
PO Box 745 Old Chelsea Station
New York NY 10113-0745
USA
Tel: 212.966.6311
